

Farm Information Sheet

Environmental Farm Plan (EFP) Review

The following information is being requested for the sole purpose of supporting the third party review of your EFP. **You are requested to attach this information sheet to your Action Plan when you are submitting it for a technical review.** Additionally, total acreage being covered by all validated EFPs will be compiled to assess program performance. None of the information below attributed to your farm will be provided to anyone by the third party reviewer without your written consent. **You may authorize the Eastern Canada Soil and Water Conservation Centre to inform your designated EFP coordinator once you have successfully completed the environmental farm planning process. See instructions at the bottom of the page.**

Name or Farm Name: _____

Major Farm Enterprises

Livestock Production (highest production level during the past 12 months)	Crop Production	Owned Land cultivated by owner or others	Grown on Rented Land
